

Plug-n-Locate GPS Tracker

3-Locate's newest product is revolutionary. The Plug-n-Locate GPS tracking device is one of the smallest units in the market. Installation is quick and easy. This unit plugs into your vehicle's OBD-II connector (it takes less than 10 seconds to install), or you can connect it to a power source. The Plug-n-Locate GPS tracking device can help locate your automobile at anytime and pinpoint the exact location.

If you are concerned about the driving habits of your teen or elderly family member, this is the product for you. You'll be able to check their whereabouts at any time and you can preset conditions that when violated (speeding or entering/leaving an area), you'll be notified via an email or text message to your mobile phone.

- Quick and Easy Installation
- No Software to Download or Install
- No External Antenna
